

Custom Order Prefix Module

This extension allows the Admin to add prefix in Order ID, Invoice ID, Shipment ID, Credit Memo ID & Transaction ID. It is flexible for the store owner's requisites. The store owner may use this module as per his needs and also he could change it anytime from the module back-end

Features:

- Add custom prefix for Magento orders, shipment, Invoice etc.
- Admin may choose any kind of custom prefix

STEPS FOR INSTALLATION

1. Installation

- The 'Order ID Prefix' Extension is easy to install and configure.

2. Configuring Prefix to the order

- Enable or disable the module from the settings screen
- In the Prefix Setting section, Set the Prefix of the parameters
 - i. Order ID prefix
 - ii. Shipment ID Prefix
 - iii. Invoice ID Prefix
 - iv. Credit Memo ID Prefix
