Installing Plugin from uploaded file: latest-wordpress-tweet.zip

Unpacking the package...

Installing the plugin...

Plugin installed successfully.

[Activate Plugin](#)

[Return to Plugin Installer](#)

- Click to Activate Plugin

- Now Plugin is Installed go to Appearance > Widgets
You can see Latest Wordpress Tweet Feeds Tab in this page.

The screenshot shows the WordPress dashboard's 'Appearance > Widgets' page. On the left is a dark sidebar menu with 'Appearance' highlighted. The main area is divided into three columns: 'Available Widgets', 'Sidebar', and 'Content Bottom 2'. The 'Available Widgets' section contains a grid of widget cards. The 'Latest Wordpress Tweet Feeds' widget card is highlighted with a red rectangular box. Below the grid, the 'Sidebar' column shows a list of active widgets: Search, Categories, and Latest Wordpress Tweet Feeds. The 'Content Bottom 2' column is currently empty.

- Now Drag and drop this field in sidebar or where you want show the Twitter Feeds.

This screenshot shows the same WordPress dashboard 'Appearance > Widgets' page. The 'Latest Wordpress Tweet Feeds' widget has been moved from the 'Available Widgets' section to the 'Sidebar' column. In the 'Available Widgets' section, the 'Latest Wordpress Tweet Feeds' widget card is now faded, indicating it has been placed elsewhere. The 'Sidebar' column now lists four widgets: Search, Categories, Latest Wordpress Tweet Feeds, and Content Bottom 1. The 'Content Bottom 2' column remains empty.

- Fill The all details.

Latest Wordpress Tweet Feeds ▲

Widget Title

Usernames (Without the "@" symbol)

Consumer Key

Consumer Secret

Access Token

Access Token Secret
